TBX

MANOEUVRABLE AND MOBILE. THE TBX.

With a working length of 1000 mm, the Schechtl TBX is the smallest of our manual swivel bending machines. Its compact size makes it ideal for one-day job sites as well as for working on roofs and on scaffolding. The TBX can be installed on a workbench or in a construction vehicle. With the optional X-shaped support stand, the TBX can be quickly folded and pulled behind you like a roller suitcase.

BENEFITS

- ✓ **Practical:** Particularly small and handy
- ✓ **Flexible:** Easy installation on any workbench or in a van
- ✓ **Mobile:** Fold the machine with the X-shaped support stand and pull it behind you like a roller suitcase
- ✓ **Wear-free** and maintenance-free roller bearings
- ✓ **Reliable:** Crownable bending beam – always the right pretension for the material type and thickness
